

## DJ Casa

At a very young age Anthony Cassar, aka **DJ Casa** fell in love with music. It was when he turned twelve that he purchased his first guitar and it wasn't long before he was playing alongside his brother and friends. Influenced by jazz, acoustic, classical all the way through to rock, it was here that his eclectic taste of all music began.

As he got older, he turned his hand to Djing. Having a musical background he was able to pick up the basics himself and by the time he was 19, had developed his own unique style - a blend of deep, vocal, funky, jackin, US melodic house.

This style wasn't found without influence. Casa throughout his musical life has had many influences. In the earlier years playing guitar, he was influenced by Bob Dylan, Jeff Buckley, Ben Harper and the friends he played alongside daily. As he moved into house music, it was local Dj's such as Matt Roberts, Illya, John Devecchis and Kid Kenobi. Casa followed these Dj's around religiously not missing a gig they played, learning his trade as he watched what records they were playing, how they were mixing and their presence behind the decks.

At 24, Casa's study of house music artists and producers has paid off. His knowledge of house music is beyond his years, playing tracks that are timeless, tracks from when he was just 10 years of age. His music, combined with fun and enthusiasm behind the decks, makes for a memorable house music experience.

Expect to hear music from artists that have influenced his life such as Kaskade, Troydon, Inland Knights, Moloko, The Littlemen, Derrick Carter, Miguel Migs, Lawnchair generals, Kinky Movement and the Greenskeepers. From deep melodic soulful house to main room funky rolling bass lines his eclectic taste and knowledge of house music and Australian dance floors caters for all ages and venues.

Casa has played alongside local and international DJ's from Craig Obey, Kate Monroe, Matt Roberts, Illya and Shamus to The Littlemen and Vandalism. Come and sit, stand, dance and just enjoy Casa's soulful sexy house vibe.....
