

Cruise restaurant

Cruise Restaurant provides the perfect setting for a truly amazing, yet affordable dining experience.

Occupying the southern end of the Overseas Passenger Terminal on Level two, Cruise Restaurant enjoys breathtaking views of Circular Quay and The Sydney Opera House, as well as the commanding skyline of the lower CBD.

The food philosophy is all about fresh, seasonal produce. Skillfully prepared to accentuate the natural flavours and work in harmony with the rest of the menu. Head Chef, David Porter, provides the right balance of variety and opens the way for flavours to take centre stage.

To compliment its prestige positioning, an interior scheme of elegant furnishings has been employed, maximising the outlook and providing surrounds that are the essence of contemporary comfort and modern sophistication. The focus is a more relaxed casual feel, ensuring Cruise Restaurant is an accessible venue for every occasion.

A split-level floor allows diners to enjoy this premier outlook from every table, which includes both freestanding, and banquette configurations. Cruise Restaurant has a maximum capacity of 60 diners, an ideal figure, which strikes just the right balance for contemporary dining with an appropriate level of intimacy.

As an extension of the bar below, the colour palette of brilliant white, black and pale grey is carried throughout, while a splash of red adds to the warmth and intimacy. Glimpses of the kitchen provide an appealing additional buzz.

Added to this level is the newly established Cocktail Lounge. Enjoy a delicious beverage with friends while relaxing on the eclectic and comfortable furniture. Indulge in a pre-dinner drink or unwind with a night cap after your meal.

Cruise Restaurant can be found on Level 2 of the Overseas Passenger Terminal West Circular Quay, The Rocks.
